

How TVMDL enhances your companion animal practice

Veterinarians across the state and the nation trust TVMDL to deliver outstanding service to support their companion animal practices.

Diagnosing illnesses in dogs, cats and horses adds up to about 65 percent of TVMDL's annual caseload.

Why do so many veterinarians send their companion animal testing to TVMDL? Because they know we can help them deliver a better experience to their clients.

Protecting animal and human health
through diagnostics

Seven ways we help companion animal veterinarians

1. We offer state-of-the-art, rapid, accurate and cost-effective diagnostic services at competitive prices.
2. Gain access to the latest equipment and the most advance technology – while avoiding the expense of upgrading your equipment and training employees.
3. Got a question? Talk by phone directly to the TVMDL diagnosticians who conduct your tests.
4. Need a consultation with an expert? Our staff includes more than 25 professionals who hold a DVM, a Ph.D. or both. Of these, 16 are board-certified in their specialties.
5. Get online access to your diagnostic records when you need them through our secure web site.
6. We offer full-service locations in College Station and Amarillo,
7. We are the only laboratory in Texas accredited by the American Association of Veterinary Laboratory Diagnosticians.

Ready to put TVMDL to work for your practice? Set up your account today by calling (888) 646-5623.
